

FREE ENTERPRISE ALLIANCE

Keeping America Open for Business

The Free Enterprise Alliance is battling to keep you building! As the issue advocacy arm of Associated Builders and Contractors, the Free Enterprise Alliance tackles state business initiatives, educates the public about construction and advocates the importance of open competition and free enterprise. Without the Free Enterprise Alliance, opponents of free enterprise would be unopposed in their continued attacks — making it harder and harder for you to compete. Since its formation in 2001, the Free Enterprise Alliance has financed and supported a number of initiatives, including:

- The HaltTheAssault.com campaign which focuses on jobs, the economy and how intrusive government regulations stymie growth. The HTA website and Facebook page includes daily blog posts, links to relevant news stories and issue pages.
- ABC National Open Competition Committee (OCC) which fights federal government-mandated project labor agreements.
- The FreeEnterpriseAlliance.com educational campaign to educate Americans on how free enterprise and limited government are responsible for their jobs and their prosperity.
- Massive issue advocacy campaigns composed of mail, radio and television ads reaching hundreds of thousands of voters in CO, KY, LA, MS, MN, NC and NH.

Find out how you can get involved! Visit www.FreeEnterpriseAlliance.com for more information.
