

## The Pillars Of Prosperity - Part 3

The role of the government is to create an environment where individuals and organizations can create prosperity by meeting the needs of others. The Founding Fathers asserted that the rights to life, liberty and the pursuit of happiness are given to us by our Creator and not by our government.

Governments exist primarily to protect those rights against abuse by others. Only in a country where the government protects the personal and property rights of its citizens can free enterprise succeed and flourish.
